NOVA THULIUM

SYSTEM: MACRAGGE
SUB-SECTOR: ULTRAMAR
SEGMENTUM: ULTIMA

Working under the feudal system common across the Imperium, Agri-world Nova Thulium provides the vast majority of the food for the rest of the Macragge system. However, due to the demands of the endless mouths of the neighboring hive world Ardium, malnutrition is common. This proves to be a secondary concern due to the endemic chemlung suffered by the workers. A productive life beyond forty is unlikely. When the body fails, they can still serve the Emperor—as a natural supplement to the artificial fertilizers that killed them.

Thought for the Day:
A farmer who fails to feed the soldier is as much an abomination as a soldier who flees the battlefield.

A WARRIOR FIGHTS THE BATTLE THEY ARE GIVEN, NOT THE ONE THEY WISH.

IS MARNEUS QUOTING SCRIPTURE *AGAIN?*

DON'T, KATO YOU'LL PROMPT HIS SANCTIMONIOUS "ANYONE CAN QUOTE SCRIPTURE, THE POINT IS TO MAKE IT LIVE IN YOUR HEART" RAMBLE. HE HURTS ME MORE WITH HIS WAFFLE THAN HE DOES IN OUR DUELS.

MARNEUS--

I HEARD.

"HE'S HERE."

THANK YOU, LITTLE WARRIOR.

NO FUTURE SPACE MARINE WOULD TREAT HIS HELOTS AS IF THEY WERE WARRIORS EITHER TACITAN WOULD DISGRACE A PENAL BATTALION

SUCH PATRONIZING KINDNESS IS NOT FOR A WARRIOR BORN!

CLEARLY, *WE* DON'T UNDERSTAND HIS UNFETTERED GENIUS.

NO NEED FOR CRUELTY FOR MARNEUS, THE GOLDEN CHILD...

[Warrior/Effect]

Cannot be Normal Summoned/Set. Must be Special Summoned with "Assault Mode Activate". Gains 1000 ATK for each "/Assault Mode" monster you control, also if this card battles a monster, any battle damage it inflicts to your opponent is doubled. Unaffected by your opponent's activated monster effects. If this card is destroyed: You can target 1 "Junk Warrior" in your GY; return it to the Extra Deck, then you can Special Summon it (this is treated as a Synchro Summon).

Well, well, dear sister...
Who knew the mighty Owl Lady had such ticklish vulnerabilities?

Oh, but it is—for now.
You lost the duel, and this is your penance.

Honestly, Edalyn,
I thought you'd put up more of a fight.
But here you are—at my mercy and...
Terribly twitchy.
Now let's get to it shall we?

General Relativity: How Gravity Shapes the Universe

Gravity is not a force, but the result of mass curving space and time.

The Mechanics of Spacetime

Spacetime as a Flexible 'Fabric'

Space and time are linked in a fabric that mass can warp and curve.

The Relationship of Mass and Movement

Mass tells spacetime how to curve; curved spacetime tells objects how to move.

Gravity as Curvature

Massive objects like the Sun cause a curvature felt as gravity

Observable Effects & Evidence

Gravity Bends Light and Time

Gravity alters the path of light

Gravity causes time to run slower.

Confirmed by Scientific Evidence

Proven via gravitational lensing, time dilation, and Mercury's orbit.

Gravitational Lensing

Time Dilation

Mercury's orbit

$$G_{\mu\nu} = \frac{8\pi G}{c^4} T_{\mu\nu}$$

$T_{\mu\nu}$ = Mass-energy tensor

$\frac{8\pi G}{c^4}$ = The effect of mass-energy

$G_{\mu\nu}$ = Curvature of spacetime

I've been having so much fun slapping around a wider variety of female servants.

"Well, my child needs to know some discipline, and instead of masturbating so much, think

"Sometimes that's the reason you threaten more than

"E-Geez, the way he gropes me so discreetly what a naughty boy nothing like my baby

"Oh, Hey Master, I'm doing my job as your favorite maid in my mania source—

—you better stop in the next 12 to 24 hours I don't plan on pulling out until then! And we don't wanna see you fail NNN!"

"Such a beautiful small body...

yet-

"it's making me yearn for another child..."

"it's assaulting all my senses, I'm so horny..."

"This naughty child is going to FUCK every part of me!"

"inside and out...!"

"D-Don't stop squeezing!"

you're way too good with these tits you damn slut!

"she's gonna drink it all!"

"S-So much, and such a strong smell...

"I'm falling in love with this foul brat...

"breed me now...

"cumming!

You really look more radiant with my mark on your face and body

"I love this loose motherly pussy"

"I can just slam you with my full shaft in one thrust"

"fuffuckkkkk"

"hnnggg hmpffff"

"Imagine all the strength in my legs, his cock is gonna reshape more than just my booty"

"It feels so fucking good dad—"

"I can't lie any longer when my body is honest—"

"I LOVE your cock!!!"

THE TYRANT OF BADAB

Ligft Huron Master of the Astra[illegible] Chapter and overall leader of the Secessionists during the Badab War

Source Material: *This image of the Tyrant of Badab was found within the manse of the Pyzentos family, one of the noble houses who formed the ruling puppet oligarchy of Eshunna. The painting is dedicated to "Our Glorious Master Ligft Harn" (representing his name in local dialect whereas the derivations Ligft or Luigt are more common in the Low Gothic). It is an example of the Tyrant's endemic cult of personality within the Badab Sector and remains perhaps the finest extant portrait of the Tyrant during the war, and one of the few to escape the Edict of Obliteration*

ACCIDENT WAIVER AND RELEASE OF LIABILITY FORM

Every touch felt like hell.
The shrine maidens would continuously prod and scratch at her most tender and vulnarable creases.

First they'd rake their nails along the soft skin of her armpits.
Then came the teasing...
And finally, the torturous kisses and long strokes along her naked soles.

And just when she finally feels her body shutting down... it starts again.

His house is a real mess, but it's not dirty. He himself has impeccable hygiene. Not so surprising, given that Mr. Pervert has a real hot spring at his disposal as a bathroom. He quickly became a big fan of taking baths together. So every now and then, he chases me (I don't mind bathing with him, but he likes it when I pretend to run away, so...), catches me, ties my wrists and ankles with a big cotton rope (I think it's supposed to be the softest type of fiber for a rope) without tying it too tight. Then he carries me in his arms, sometimes using the opportunity to cover me with kisses, and takes me to the bathroom as if we were newlyweds. Of course, he washes me all over himself. He can spend a full five minutes just on my belly button. He says it's important: "It's the center of the universe."
And he's a good listener. He always looks bored to death when he has to explain things about his work, but never when he listens to me talk about my messy life.
And if that wasn't clear enough: he's a good kisser.
Another thing that never ceases to intrigue me is despite seizing every occasion and using every toy imaginable to make me come—I mean, after spending the longest hour teasing me and denying me the pleasure, because **of course** he does that too—he has never attempted to initiate more... traditional intercourse. Even though I know for a fact that he owns all the necessary "equipment", that it's in perfect working condition, and that I've read enough of his depraved books to know it's something that's always in the back of his mind.
I may be wrong, but I think if it's going to happen, I would have to be the instigator. I'm not opposed to the idea. There's no reason why I should always be the only one moaning in this house.
I doubt it'll be very complicated. After all, he loves my boobs, he loves my feet, he loves my shoulders, he loves my legs, he loves my ears, he loves my neck, he loves my armpits, he loves my eyes, he loves my tummy, he loves my hands, he loves my hair... **boy**, does he love my hair!
Some people have several fetishes, this creep seems to have only one: women.
He never directly says he loves me, but he doesn't need to: his eyes and hands do it for him.
And it's not just my body. Apparently there's something about my behavior that drives him completely crazy. You'd think it's just the fact that I'm very good at playing the furious little rebel who will always resist him, but the rare occasions when I let myself go and become an affectionate kitten perhaps have an even greater effect on him... I shall pursue the investigation.

Backup N (When this creature enters, put N +1/+1 counters on target creature. If that's another creature, it gains the following abilities until end of turn.)

Banding *(Any creatures with banding, and up to one without, can attack in a band. Bands are blocked as a group. If any creatures with banding you control are blocking or being blocked by a creature, you divide that creature's combat damage, not its controller, among any of the creatures it's being blocked by or is blocking.)*
Bands with other [quality] *(Any [quality] creatures can attack in a band as long as at least one has "bands with other [quality]." Bands are blocked as a group if at least two [quality] creatures you control, one of which has "bands with other [quality]," are blocking or being blocked by the same creature. You divide that creature's combat damage, not its controller, among any of the creatures it's being blocked by or is blocking.)*

Bloodthirst N *(If an opponent was dealt damage this turn, this permanent enters with N +1/+1 counters on it.)*

Cascade *(When you cast this spell, exile cards from the top of your library until you exile a nonland card that costs less. You may cast it without paying its mana cost if the resulting spell's mana value is less than this spell's mana value. Put the exiled cards on the bottom in a random order.)*

Casualty N *(As you cast this spell, you may sacrifice a creature with power N or greater. When you do, copy this spell.)*
Casualty X *(As you cast this spell, you may sacrifice a creature with power X. When you do, copy this spell.)*

Changeling (This card is every creature type.)

Cipher *(Then you may exile this spell card encoded on a creature you control. Whenever that creature deals combat damage to a player, its controller may cast a copy of this card without paying its mana cost.)*

Conspire (As you cast this spell, you may tap two untapped creatures you control that share a color with it. When you do, copy it and you may choose a new target for the copy.)

Convoke *(Your creatures can help cast this spell. Each creature you tap while casting this spell pays for [illegible] or one mana of that creature's color.)*

Craft [illegible] with [illegible] *([cost], Exile this artifact: Exile [illegible] you control or a [illegible] card from your graveyard: Return this card transformed under its owner's control. Craft only as a sorcery.)*

Dash [cost] *(You may cast this spell for its dash cost. If you do, it gains haste, and it's returned from the battlefield to its owner's hand at the beginning of the next end step.)*

NAME: GENEVA ANN HAILEY
AGE: 18
Foot size: 10
occupation: N/A

Here we have Geneva, a young new model that we found in a Website called "Secret Soles" after watching a lot of of her videos, we realize that she was a perfect model for our signature videos that we like to do with our models. Sadly enough, the original hostess that does all our interviews is gone on vacation. So we decide to ask Mr. F to do the interview of Geneva, after all he does have the right social skills to ask the questions and do the interview. And also Mr. F is a big fan of her work.

So it was pretty easy for them to get along with common interest , since both of them are models of the same fetish, the interview went smooth, even enticing her with the activity of the tickle Footjob. Once Mr. F help Geneva on top of the seat, even tied her arms behind her back with some gentle bondage rolles, we don't wanna hurt our newest model don't we? How it was Mr. F's turn, he invited a third person to the party, to help with the tickling of the Footjob. Once both our models were strapped, and tied to the chair, the tickling of Geneva's feet has started, resulting in with the obvious shaking around and unintentionally giving Mr. F an Footjob. But besides being tickled Geneva has decided to tease Mr. F by tickling his penis with her toes, she was quite skilled with her footsies that he manage to make Mr. F cum multiple times. Quite impressive that she's doing while being tickled. I guess she was being serious about milking him dry.

Name: Nyx
Age: in her 20s
Foot size: 7
Occupation: unemployed artist

This is one of our newest foot models that one of our talent scouts just found online, based on the information that we can gather on Nyx, she's basically is a freelance NSFW artist mostly doing feet fetish and tickle fetish art of anime characters. In some rare occasions she also does cosplay of her favorite characters. Quite the interesting girl that we found. When we first found her, she was quite hesitant to take the job as a foot model, but once we mention about the paycheck she quickly agreed to the job, she was also interested in exploring her own foot tickle fetish. She also mentioned that she hopes that her partner was a hot guy. That won't be a problem for us to arrange.

When Mr. P and Nyx meet, it was quite the adorable interaction, Nyx being the more introverted girl, while Mr. P being the introvert simply stood her with a couple of compliments, and unintentional flirting, which in return simply made Nyx flustered.

Mr. P wanted to show her an example of what she's gonna be experiencing, he starts by getting her down in a couch, revealing one of her stockings, and licking the arch of her foot. Almost like he turn on a switch, Nyx leaned on Mr. P and start to moan from kisses, and even giving him a foot job. As entertaining as it was, we need to save time since this was not the type of shooting that we agree on, it took us a while, but we restrain her in the couch, and started with the tickle!!

There's nowhere to run.

But you can try. The thrashing is kind of cute.

This is an older video of mine, and after reviewing it again, Everything after the 2 minute mark the camera unfocused and makes the rest of it mostly blurry. You can still see what's happening, but it's not the same. Enjoy this snippet of the best part.

A beguiling Lowanni space siren drifts before the experimental solar-sailing lightjammer Flying Cloud, set against the vast cosmic sea in this cover painting by master artist Freas. This haunting vision from the illustrator celebrated as the "Dean of Science Fiction Artists" appeared on the cover of a novel by A. Bertram Chandler. Over a career spanning more than 50 years, Freas brought his talent to an extraordinary range of projects, from science fiction classics to countless *MAD* covers featuring Alfred E. Neuman as well as designing the official NASA Skylab crew shoulder patch. Acrylic on illustration board with an edge-to-edge image area of 10" x 5". Corner bumps and minor abrasions on the edges. Warhammer 40,000: Lone Wolves (2003-)

DESCRIPTION | CHAPTERS (1) | COMMENTS (0)

Warhammer 40,000: Lone Wolves is a comic book series published by **Games Workshop** in 2003, featuring the writing of **Dan Abnett** and artwork by **Karl Richardson**. Set in the grimdark universe of Warhammer 40,000, this series delves into the enigmatic nature of the **Lone Wolves**, a group of Space Marines from the Space Wolf chapter. These warriors appear at critical moments to aid the beleaguered soldiers of the Slovak Regiment of the Imperial Guard, embodying the unpredictable and often brutal nature of war in this dystopian future.

The central conflict revolves around the mysterious origins and motivations of the **Lone Wolves** as they engage in fierce battles against various foes threatening the Imperium. The narrative explores themes of loyalty, sacrifice, and the burdens of duty, as the protagonists grapple with their purpose and the consequences of their interventions. The setting is characterized by war-torn planets and the relentless chaos of the 41st millennium, where the **Lone Wolves** must confront not only external enemies but also the shadows of their own pasts.

This run is significant for its exploration of the Space Wolves' lore and the moral complexities faced by the characters within the Warhammer 40,000 universe. Fans and collectors can **read Warhammer 40,000: Lone Wolves (2003-) online free**, view **full issues**, and access **high quality comic scans** to fully appreciate this gritty narrative and its impact on the broader Warhammer mythos.

DC Comics /2012

Dante's eyes slid open slowly. Disoriented, it took him a second to realise he was in his bedchamber in the Heavenward Redoubt of the Arx Angelicum, and not on Terra.

He sat up. The sheets of his huge bed whispered off his skin.

An extravagant clock ticked softly at the other side of his bedchamber. Dante had been asleep for three hours. Once, Dante was capable of fighting for days without rest. Now he took sleep when he could and woke weary from it. If he could, he would have enjoyed the Long Sleep.

TWO

Having no better plan in mind, I followed Drumon to the bridge. If necessary, I was prepared to argue that my position as liaison officer made it my business to remain abreast of any unexpected developments, although to be honest I just thought that would be the best place to find out what in the Throne's name was going on. I've been involved in a fair number of space battles in my time, far more than any Guardsman has a right to expect, and in all too many of them the only thing I could do was sit there and wait for the troopship to take a hit. At least on the bridge you can watch events unfolding in the hololith, which introduces a curious kind of detachment into the proceedings, as the contact icons go through their stately dance of life and death.

In the event, however, no one challenged my right to be there, which came as a welcome surprise. In fact, the only thing which surprised me more was that until Drumon arrived, there were no Astartes on the bridge at all.
